Paul D Indorf

GG, ICGA, ASG, ASA
Master Gemologist Appraiser[®]

Dear Paul,

Thank you for your continued interest in my newsletter. I welcome suggestions for improvements and discussion topics. Please browse through the links in the right hand column. These links will connect you to a lot of very useful jewelry-related information.

Do You Have a Large Diamond to Sell?

Are you planning to sell a diamond or gemstone soon? Are you unsure of its value? Are you concerned you will get a fair price? Call me today. As an experienced Independent Appraiser, I can help with the liquidation process. I will grade your stone while you wait and explain what I think would be a fair price. If you would like, I will help with the liquidation by acting as

your broker. Call 860-391-3001 today and schedule a consultation. I will ensure you get a fair price for your diamond or gemstone.

Is Fluorescence Bad in a Diamond?

Some retailers will tell you that fluorescence is bad...is a negative, but many consumers actually prefer diamonds with fluorescence! The truth is that fluorescence rarely affects a diamond's sparkle and *brilliance*, and in warmer or lower colored diamonds, fluorescence makes them look whiter or more colorless. Have you inherited jewelry and are having difficulty deciding what to do? I can help you decide. I will meet with you and sort through the entire lot and help you make decisions. If there are other heirs, I can complete a distribution appraisal. This will help to level the field when the items are distributed. If there are pieces that are out of style or not your style, I can help

liquidate or restyle into something you would like. Call today at 860-391-3001 for a free consultation.

*Appraisal appointments
"while you wait"
are available at all
four locations*

*Chester, Madison
& New Haven*

*call 860-391-3001
or [email](#)
to book an appointment*

Thank you for your interest in my newsletter. Please visit my website at [Connecticut Jewelry Appraisers](#) for more information.

Sincerely,

Paul D. Indorf
