Dear Paul,

Thank you for your continued interest in my newsletter. I welcome suggestions for improvements and discussion topics. Please browse through the links in the right hand column. These links will connect you to a lot of very useful jewelry-related information.

Know Someone Getting Engaged?

Do you have a friend or family member getting engaged? If so, let me help them pick out their diamond and buy their engagement ring. I do not sell jewelry, but I will help to guide them in their purchase and ensure they get a ring they will make them happy. This includes an explanation of the 4 C's of diamond grading and the relative importance of each factor. I will

answer all their questions and demystify the entire process. In addition, I will verify the grading on the diamond and prepare an insurance appraisal. Please call 860-391-3001 for an consultation.

Investing In Diamonds?

Are you considering expanding your portfolio to include diamonds? If so, let me share some information. The link below is to a very good article on the subject written by Martin Rapaport, the founder of the Rapaport Diamond Report.

After you have read the article, I would be happy to answer any questions and provide my personal insights.
